Special Gunmetal Finish

GTI è lieta di informare che da oggi è disponibile il modellino 1:50 Cat 390F Hydraulic Excavator, in versione commemorativa, finitura canna di fucile.

La presentazione è molto ricca e il pezzo poggia su di uno specchio che permette di vederne la parte sottostante.

Inoltre è disponibile anche un altro modello commemorativo, finitura bronzo, Cat D11T TTT

E' possibile inoltre personalizzarli con l'incisione di un nome o della ragione sociale
